*Started building train layout in 2004.*

The train layout is 42'x100' in the form of an "L" shape.  
It has approximately 2 miles of "Gargraves" track.

The railroad was named, "The North Rose Railroad Company."  
Its building location is in the Small Hamlet of North Rose, NY 14516

The building is located adjacent to the main line tracks of  
The Midland Railroad, which is still in use.
